

## 1 DAY WESTWATER CANYON ON THE COLORADO RIVER

Thank you for choosing Adrift Adventures! Our Westwater Canyon Raft Trip is the best short whitewater trip available in the West. This legendary canyon of powerful rapids and outstanding scenery is highly respected by river runners and professional guides alike. Westwater Canyon is one of the finest examples of “The Mighty Colorado.”

This proposed Wild and Scenic River is totally isolated from modern civilization: a canyon of serene solitude surrounded by red sandstone spires. National Geographic joined us in Westwater Canyon to photograph and write of the dramatic scenery and its unique wildlife habitat. The river cascades through the ever-deepening sandstone monuments and into the narrow Black Granite Gorge. Here the river meets opposition from the canyon walls, creating the fast and furious rapids that give Westwater its reputation: Funnel Falls, Last Chance, the Steps, and, of course, the infamous Skull Rapid.

This trip is designed for adventure seekers and canyon lovers, for those looking for great rapids on a remote and regulated river. The small number of people allowed in this canyon each day is strictly controlled. That means you will encounter almost no one else on the river during your trip. We use oar boats here, but paddleboats are available for the experienced by advance request. An oar boat is an 18 foot inflatable raft maneuvered by a guide with a set of oars secured in the middle of the raft. A paddleboat is a 16 foot inflatable raft manned by passengers and their paddles, with the guide navigating from the back of the raft.

There will be chance to swim and enjoy the river as you float out of Westwater Canyon. The ride back to Moab will be filled with stories of the hole in 'Sock-It-To-Me' and the beautiful sunset the night before. The van returns you to Moab around 5-5:30 PM (MDT).

Lunch is included with your trip, so you need not worry about bringing food. We also supply transportation to the river and back, a fully-certified guide, and all of the rafting equipment. In addition, you will be supplied with an ammo can to hold any personal items you would like accessible on the river (such as sunscreen and camera) and a U.S. Coastguard- approved lifejacket. Our boats will have water coolers on them at all times and lemonade is provided with lunch. Feel free to bring your own water bottle for accessibility. We will return to Moab approximately 5P.M.
